Dear Melissa,

I want to extend the thanks and gratitude of the entire Epilepsy Foundation Western/Central Pennsylvania (EFWCP) to you and your company. We are touched by your generosity – donating \$5 from every service call in November.

The EFWCP is dedicated to leading the fight to stopping seizures and SUDEP (Sudden Unexplained Death in Epilepsy), finding a cure and overcoming the challenges associated with epilepsy and seizures. We fight to help patients and their families to lead life without compromise.

Each year the EFWCP provides a wide range of education and awareness programs in communities and schools to help dispel the myths and misconceptions so often associated with epilepsy and seizures. Our programs provide supports to anyone affected by seizures, from young children and their parents to college students, adults in the work force, from veterans to senior citizens.

Epilepsy affects 1 in 26 Americans and your gift allows us to support the more than 98,000 residents in western and central Pennsylvania who living with seizures every day.

Your gift of **\$350 from the month of November** is important to our ability to continue our efforts. We thank you for supporting our work and our mission with your generosity and your passion for our cause.

Sincerely,

Peggy Beem Jelley
President & CEO
